

# College, Career, and Military Readiness

In Texas, students are considered to have reached "college, career, and military readiness" when they have met one of the success criteria identified by the Texas Education Agency. Granbury ISD is committed to helping each student reach one of these criteria, so they are prepared for the future they plan to have in college, the workforce, or the military.

 <b>College, Career, and Military Readiness</b> 	
<b>One <input checked="" type="checkbox"/> Required to Earn CCMR Point</b>
