Good Citizens

Three weeks of kindergarten done just like that! Our classes are learning so much.

Last week was our first for sight words and you will see more this week!. Some of them will be words we've learned before and some will be new. We add and review sight words all year long. Any way you can practice sight words at home helps your child become a better reader! Also, if you can, try to read to your child every night.

Sight words:

a * the *can *see

These are words that your child should be able to read on sight, NOT sounding them out. Any way you can practice sight words at home helps your child become a better reader!

Pillars of Character

Oak Woods is a National School of Character. We will focus on one of six pillars of character each month, stressing the importance of good character. Our counselor, Mrs. Moore, will also share weekly character lessons with our students.

This month's pillar is **Trustworthiness**.

***be honest *do what you say you'll do**

***have the courage to do what is right**

~Specials~

Music, Art, PE, Library classes are held daily during our conference time (8:45-9:35). On Fridays the grade level will be all together with our specials teachers.

Please have your child wear shoes that allow them to easily run, play and move each day.
