

	Summer 2013	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
✓	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school.	
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
✓	Action: Choose a project based training model based on its proven efficacy at all levels that fosters GISD common language and dynamic classrooms.	
✓	Action: Implement the chosen project based learning model by assembling an early adopter cohort group of teachers and select 3 CBP for the 2013-14 school year.	
✓	Action: Schedule multiple sessions throughout the school calendar for teacher collaboration, planning, and implementation of our rigorous and engaging curriculum, to include but not be limited to technology, project based learning, and partnership objectives.	
✓	Action: Provide a PBL Lead for all instructional leadership.	
✓	Action: Various venues of communication regarding PBL will be created and implemented taking into consideration all stakeholders.	
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
✓	Action: Work with Tech consultant to evaluate existing tech infrastructure	
✓	Action: Work with principals to identify what a model classroom "looks like" regarding technology at different levels.	Comments Model Classrooms: All PK-8 classrooms will have mounted projector, mounted SmartBoard, classroom audio, document camera and teacher station in place by Fall 2014.
✓	Action: Provide professional development to support all content areas seamlessly incorporating technology.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
✓	Action: Hire architect to do facility analysis, conceptual drawings/pricing on various projects.	
✓	Action: Hire survey company to survey community on perceptions of a possible bond proposal.	
✓	Action: Hire demographer to do a demographic study to project enrollment for the next 10 years in GISD.	
✓	Action: Form bond Steering Committee (BSC) consisting of parents, staff, community and business leaders.	
✓	Action: BSC Meets multiple times to develop plan to recommend to GISD school board.	
✓	Action: Present BSC recommendation to GISD school board.	
✓	Action: Evaluate BSC recommendations and determine if and when to call a bond election.	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
	None	
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		
✓	Action: Collect database of resources for learning experiences (Speakers Bureau)	

✓	Plan B: Action: Maintain a current database of educational resources for learning experiences. (Speakers Bureau)	
	Fall 2013	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued. (Dana/Edwin)		
✓	Action: (1) Create a committee of principals and directors to establish and continue district initiatives from year to year.	Comment: This is ongoing with our admin team
✓	Action: Research all forms of effective social media, including billboards and print to showcase GISD.	Comment: Jeff reaches out to our community with all available methods. Website, Facebook, Twitter, HCN, district wide phone calls, etc.
✓	Action: Provide opportunities for district-wide professional development and relationship-building for administrators and teachers throughout the year. (Refer to Strategic Goal 5)	Comment: We suggest moving this to one of Goal 5 strategies since it more closely aligns with it.
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal. (Sharon/Diane)		
✓	Action: Schedule multiple sessions throughout the school calendar for teacher collaboration, planning, and implementation of our rigorous and engaging curriculum, to include but not be limited to technology, project based learning, and partnership objectives	Comment: Early Release Waiver requested and implemented 2013-14. New Math TEKS study and planning. Multiple campus opportunities led by campus, curriculum, and technology staff.
✓	Action: Establish a community partnership to support the "real world" audience concept	Comment: Speaker's Bureau, BEST/CTE Team, Ongoing partnership list from PBL's implemented 2013-14.
✓	Action: Various venues of communication regarding PBL will be created and implemented taking into consideration all stakeholders	Comment: PBL Website-found on parent portal, Google Share-scrapbook, Back to School Nights, Teen Health Fair, Public Audiences or community partnership during the various PBL's. Channel 27, work with video production class.
✓	Action: Evaluate the implementation of our chosen project based learning model through the reflection of all stakeholders.	Comment: Principal walk thru, public audience participation, survey of trained staff, student voices!
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district. (Amy/Kellie)		
✓	Action: Complete necessary applications with USAC, order equipment, install, and begin service to increase wide area network (WAN) from 1GB to 10GB.	Comment: Will move this to Fall of 14 as that is when grants are due.
✓	Action: Move from 500MB of internet access to 1GB internet access. Continuously Monitor and determine necessary bandwidth to meet instructional and functional needs of the students. *With the increase in the number of devices in PK-8, we will monitor traffic and assess bandwidth continuously.	Comment: We are at 500 MB now, and will move this to Fall of 14 as that is when grants are due to allow us to move to 1G.
✓	Action: Provide professional development to support all content areas seamlessly incorporating technology.	Comment: Classrooms/ PBL technology, google apps for education. Training is ongoing in these areas.
✓	Action: Ensure that all students will demonstrate responsible digital citizenship by developing lessons that all students will complete.	Comment: We educate all students about proper use of technology.
✓	Action: Expose students to a variety of technologies and able to select the most effective tool to accomplish the task at hand.	Comment: This is ongoing, with desktops, labs, mobile, wireless, etc. This will increase with the new technologies we will begin purchasing with bond funds.

✓	Action: Provide and evaluate necessary resources to facilitate access to student resources at home and away from school using cloud-based solutions. *Next step is to investigate filtered internet access at home for students.	Comment: I-drive @home access using google.
✓	Action: If bond election is called and ratified, work with technology consultant to develop timeline for project completion. 2014: PK-8 Model Classrooms; 2015:Wireless Infrastructure Upgrade; 2015/2016: New 9th grade/CTE*; 2016: GHS Remodel* *Will include model classroom and infrastructure upgrade.	Comment: Will reevaluate after bond election
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students. (Largent)		
✓	Action: Work with architects and construction manager to develop timeline for project completion.	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum. (Jimmy/Stacie)		
✓	Action: Gain approval for early release days for teacher collaboration and professional development. (PD)	Comment: This is in place for the 2013-14 school year.
✓	Action: Establish a district wide professional development committee to identify future needs for campus and district PD.	Comment: This is a yearly process involving surveying teachers and evaluating needs.
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families. (Pat/Anna)		
✓	Action: Research, collect and update data on organizations and resources available to our students and families to assist with needs	Comment: We are gathering data and resources at this time. We have also done a community health fair at Brawner and have a Teen health fair planned.
Spring 2014		
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
✓	Action: Utilize a phone translation program (like Language Line) to assist non-English speaking parents and schools with communication.	Comment: This is in the budget for the 2014-15 school year and will be in place in the Fall.
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
None		
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
✓	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school	Comment: Ongoing
✓	Action: Move from 500MB of internet access to 1GB internet access. Continuously Monitor and determine necessary bandwidth to meet instructional and functional needs of the students. *With the increase in the number of devices in PK-8, we will monitor traffic and assess bandwidth continuously.	Comment: Move this to Fall of 2014. Also, we will begin our model classroom purchases to begin implementation in the Fall.
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
None		
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
✓	Action: Form a secondary scheduling committee to review current district schedules, research and consider other district schedules, and gather information regarding increased time for PBL while minimizing transition time.	Comment: Ongoing
✓	Action: Create a district wide survey to allow for staff input with professional development & PD Calendar	Comment: Ongoing

✓	Action: Research and recommend a calendar for GISD that will meet the Professional Development and Collaboration needs to the Supt. & DAC.	Comment: Ongoing
---	---	-------------------------

Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.

✓	Action: Research, collect and update data on organizations and resources available to our students and families to assist with needs	Comment: Data has been collected and compiled; data is updated as needed.
✓	Action: Investigate the need to designate a liaison to maintain database, partner with community organizations, and provide assistance to students, families, and educators.	Comment: This is ongoing and I have a meeting with the Hood County library in May to discuss a partnership using the STARS building.

Summer 2014

Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.

None

Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.

✓	Action: Ensure that two thirds teaching staff are trained.	Comment: Training 210 staff this summer. Do not need more CBP's Comment: August 5, 2013 / August 5 & 6, 2014 worked with BIE to create lead webinars & modules. Comment:
✓	Action: Provide a PBL Lead for all instructional leadership.	
	Action: Establish a communication and partnerships with other districts around the nation that have or are implementing PBL	

Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.

	Action: Move from 500MB of internet access to 1GB internet access. Continuously Monitor and determine necessary bandwidth to meet instructional and functional needs of the students. *With the increase in the number of devices in PK-8, we will monitor traffic and assess bandwidth continuously.	Comment
--	--	----------------

Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.

✓	Action: Begin construction of K-8 entries.	
✓	Action: Continue planning the renovation of GHS	

Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.

None

Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.

✓	Action: Compile of comprehensive list of these resources and create a database to access for assistance for families and students	Comment:
✓	Action: Investigate the need to designate a liaison to maintain database, partner with community organizations, and provide assistance to students, families, and educators.	Comment: A district counselor/community liaison and health programs coordinator is fulfilling the job of the liaison to maintain database and partner with community organizations along with our counselor team. Our public information officer updates the Speakers Bureau for educator resources.

	Fall 2014	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
	Action: (1) Research the cost and implementation of a mobile unit to provide community outreach. (2) Explore options for funding the unit. (3) Determine district viability of the mobile unit for the district.	Comment:
	Action: (1) Create a committee of principals and directors to establish and continue district initiatives from year to year.	Comment: Utilize the District Administrative team to continue district initiatives.
	Action: Research all forms of effective social media, including billboards and print to showcase GISD.	Comment: Jeff reaches out to our community with all available methods. Website, Facebook, twitter, HCN, district wide phone calls, etc.
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
	Action: Schedule and conduct a PBL Exhibition of student work	Comment: Move to late November or early December. Too many activities in the spring
	Action: Implement activities to support as teachers are trained (coaching, cycle of inquiry, presentation training, training for business partners, webinars, videos, GISD project bank)	Comment:
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
	Action: Work with principals to identify what a model classroom "looks like" regarding technology at different levels. Action: Implement Model Classroom standards in grades K-8, including necessary training.	Comments Model Classrooms: All PK-8 classrooms will have mounted projector, mounted SmartBoard, classroom audio, document camera and teacher station in place by Fall 2014. Progress can be monitored on the Technology Website.
	Action: Move from 500MB of internet access to 1GB internet access. Continuously Monitor and determine necessary bandwidth to meet instructional and functional needs of the students. *With the increase in the number of devices in PK-8, we will monitor traffic and assess bandwidth continuously.	Comment:
	Action: Complete necessary applications with USAC, order equipment, install, and begin service to increase wide area network (WAN) from 1GB to 10GB.	Comment: Will move this to Fall of 14 as that is when grants are due.
	Action: Begin preparation for new Technology Center.	
	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school, PK-8.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
	Action: Complete K-8 entry projects	
	Action: Bid GHS Project	
	Action: Begin construction on GHS additions	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
	Action: Scheduling Committee formed with Principals and Teachers will continue with Common Planning periods for core subjects at the middle school level.	
	Action: Committee will review how to continue to utilize advisory's at the middle school levels.	Comment: This is ongoing as we monitor the climate of our staff and the data from student interventions and activities.

	Action: CNC will consider doing away with advisory, yet have weekly schedules for clubs and activity period.	Comment: CNC will work as a campus to evaluate the status of their flex scheduling.
	Action: Conduct Site Visits for selected school districts based on the committee's research.	Comment: The committee will be looking for schools to visit that are comparable to GISD Secondary Campuses.
	Action: Design and present scheduling committee's plan based upon research and site visits to Superintendent.	Comment: Secondary Principals will work together to collaborate the results to Dr. Largent.
	Action: <u>Result Statements 2 & 4 (combined):</u> 2. Provide opportunities for teachers to collaborate throughout the school year. (Objectives 1 and 4). 4. Construct a calendar that includes professional development days balanced throughout the school year. (Objectives 1, 3, and 4)	Comment:
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		
	Action: Counselor team will continue to collect and update organizations and resources available to our students and families to assist with needs.	Comment: Counselors will continue meet at least four times a year to review and update data on organizations and resources ensuring all contacts are current.
	Action: Maintain a current database of educational resources for learning experiences. (Speakers Bureau)	Comment:
	Action: Designated person will act as liaison between schools and organizations/resources	Comment:
	Action: Designated person will be available to all school personnel in assisting students and families with needs	Comment:
	Plan B: Action: Designate campus staff to maintain and update the community resources list for each campus	Comment:
	Spring 2015	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
	Action: (1) Utilize the Language Line program to assist non-English speaking parents and schools with communication.	Comment: Survey to determine usage of the program, effectiveness of the Language Line and determine if it is financially feasible to continue.
	Action: (1) Create a committee of principals and directors to establish and continue district initiatives from year to year.	Comment: Utilize the District Administrative team to continue district initiatives, provide input and determine effectiveness.
	Action: Research all forms of effective social media, including billboards and print to showcase GISD.	Comment: Jeff reaches out to our community with all available methods. Website, Facebook, twitter, HCN, district wide phone calls, etc.
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
	Action: Implement Model Classroom standards in grades K-8, including necessary training.	
	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school, PK-8.	
	Action: Continue preparation for new Technology Center.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
	Action: Continue construction at GHS	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
	Action: Scheduling Committee would like to explore site visits to schools that are successfully utilizing an advisory time and/or the hour	Comment: Research will be ongoing to find innovative ideas for how to

	lunches with tutorials and clubs during that time.	utilize our school day and time.
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		
	Action: Counselor team will continue to collect and update organizations and resources available to our students and families to assist with needs.	Comment: Counselors will continue meet at least four times a year to review and update data on organizations and resources ensuring all contacts are current.
	Action: Develop and send out questionnaire to district employees for recommendations for speakers, presenters and resources for the classroom.	Comment: Information will be added to the Speakers Bureau/Community Partnership website.
	Action: Add at least 10 additional contacts to the Speakers Bureau/Community Partnership by the end of the 2014-2015 school year.	Comment:
Summer 2015		
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
	Action: Complete necessary applications with USAC, order equipment, install, and begin service to increase wide area network (WAN) from 1GB to 10GB.	Comment: Go Live after July 1 eRate start date
	Action: Implement Model Classroom standards in grades K-8, including necessary training, begins in new classrooms in 9-12.	
	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school.	Comment: PK-8
	Action: Provide and evaluate necessary resources to facilitate access to student resources at home and away from school using cloud-based solutions. *Next step is to investigate filtered internet access at home for students.	Comment: Next Step Ongoing
	Action: Continue preparation for new Technology Center.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
	Action: Continue construction at GHS	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		
Fall 2015		
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		

	Action: Schedule and conduct a PBL Exhibition of student work	Comment: Move to late November or early December. Too many activities in the spring
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
	Action: Implement Model Classroom standards in grades K-8, including necessary training, begin in new classrooms in 9-12.	
	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school, PK-8 and new facilities at GHS.	
	Action: Provide and evaluate necessary resources to facilitate access to student resources at home and away from school using cloud-based solutions. *Next step is to investigate filtered internet access at home for students.	
	Action: Move of Technology Center to renovated administration area.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
	Action: Continue construction at GHS	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		
Spring 2016		
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.		
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.		
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.		
	Action: Implement Model Classroom standards in grades K-8, including necessary training, begin in new classrooms in 9-12.	
	Action: Purchase and install all necessary components to allow every student to have wireless access in every area of school.	
	Action: Provide and evaluate necessary resources to facilitate access to student resources at home and away from school using cloud-based solutions. *Next step is to investigate filtered internet access at home for students.	
	Action: Finalize all technology projects.	
	Action: Move of Technology Center to renovated administration area.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.		
	Action: Complete GHS construction project	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.		
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.		

Summer 2016	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.	
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.	
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.	
Action: Move of Technology Center to renovated administration area.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.	
Action: Move into new 9th grade wing at GHS	
Action: Begin renovation of CNGC for new Administration building	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.	
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.	
Fall 2016	
Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.	
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.	
Action: Schedule and conduct a PBL Exhibition of student work.	
Comment: Move to late November or early December. Too many activities in the spring	
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.	
Action: All classrooms equipped with model technology standards, continuous teacher training.	
Action: All areas equipped with wireless capacity to handle a device per student.	
Action: Technology Center moved and operational.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.	
Action: All 9-12 students begin school at GHS	
Action: Complete Administration renovation	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.	
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.	
Spring 2017	

Goal 1: GISD will foster an environment where students, their families, staff, and the community provide a unified network of support that integrate positive relationship-building and high expectations where every diverse member is valued.	
Goal 2: We will implement a rigorous and engaging curriculum that integrates new technology, fosters partnerships, and utilizes innovative instructional strategies in order for every student to attain his or her individual goal.	
Goal 3: We will provide an optimal technology infrastructure to support the ongoing transformation of programs, services, and tools throughout every facet of the district.	
Goal 4: We will commit to evaluate, update, and invest in safe, state-of-the-art facilities providing optimal environments for all current and future programs for students.	
Goal 5: We will provide flexibility within the school day to allow individualized opportunities for students as well as teacher preparation and collaboration to support rigorous academic curriculum.	
Goal 6: We will provide support and assistance in learning experiences ensuring equitable resources and opportunities for all students and families.
